Mini golf mini game - All the characters are facing the wrong way.  
- I put the ball in but it made me go again for some reason.

No way to leave the game and go back to the menu  
Lawnmower mini game - way too long make it like 30-45 seconds. Like mario party.  
Bid on the game, got two options that were the same.

Have the action keys correspond to what the actual button is, instead of making the user look in the settings to see what A and B correspond to. So Space = Shove/Decree and E = Dash and Guard.

YO IN TILT I CAN SHIT ON PEOPLE. Beautiful.

Tutorial on what is going on with the currencies, and bidding and stuff.

Dethrone gamemode is loooooong.

The actions feel loose/sloppy.

5 rounds for echo chamber? Also, I can just go off the map and be safe the whole time. Same for die and draft your will.

Grewed inc game - Never let me grab the gold.

Racing game - get stuck on the ramp and it doesnt let me off.

Last Will - very similar to the sumo one. Keep the concept but switch up the type of minigame, also add lives so that we can reap the rewards of our deaths.

Seance - Eyes closed section needs longer in between. Also how da hell if everyone eyes are closed are people supposed to know who should look first.

The understudy - Good concept. Same issue as above.
